8 WAYS TO GET THE MOST FROM YOUR OPEN DAY

1

Take a look around your accommodation

You'll be spending a lot of time there when you start, so get to know where you'll be living before you arrive - it'll help better prepare you for starting uni.

2

Talk to students

Chances are you'll get shown around by current students, so take the opportunity to ask them questions about university life and what they like about the university.

3

Grill the lecturers

Not sure about the subject your interested in? Open Days give you the chance to speak directly to lecturers who teach on the courses, so they'll be able to answer any questions you have better than anyone.

4

Explore the city

Most Open Days will give you the chance to get to know the city as well. It's a great opportunity to find out what's on offer in the place you'll be calling home.

5

Get advice from professionals

Worried about money and finances? Want to know about your career options? Keen to explore what support is on offer? Staff will be on hand on Open Days to answer all these questions and more.

6

Experience the university first-hand

You'll get a good chance to explore the university on an Open Day - after all, photos and video can only tell you so much. Take a proper look around and get a feel for the place.

7

Test out the facilities

Grab a hot chocolate and a slice of cake from an on-campus cafe, sit down for 10 minutes and soak up the surroundings. You'll probably be there a lot as a student, so make sure it's good!

8

Ask questions - then ask some more!

It's a perfect opportunity to find out everything you need to know, so don't be afraid of asking too many questions. Staff and students will be very happy to help, to make sure you get the info you need.
